2016 CSA Directory

Community Supported Agriculture (CSA) programs enable community members to partner with a farm to “buy shares” of farm produce over a growing year, helping to ensure that the farm can remain operational. In a CSA program, the members receive a share of the farm’s produce, meat, eggs, herbs, etc. weekly depending on what is available.

Every CSA is a unique as the farm offering it. We hope that this resource booklet can help you find the best CSA program for your and your family’s budget, schedules, and culinary preferences.

We raise more than fifty different varieties of produce- packing from six to twelve in season crops into share boxes each week! Beyond the regular variety of tomatoes, broccoli, carrots, potatoes and greens, we raise an exciting variety of lesser known crops like, kohlrabi, salad turnips, garlic, arugula, and some of the best herbs around! Our 2016 CSA will be comprised of eighteen weekly Vegetable/Herb deliveries, packed into 1/2 bushel boxes. These shares feed an “average” family of three to four people, or two veggie lovers! Also offering chicken and pork meat shares.
